Tools: Git, GitHub, MySQL, VS Code

INTERNSHIP

> Associate Software Engineer

Accenture

05/2025 - 07/2025 Bengaluru, Karnataka

- Created ServiceNow Service Catalog items for laptop/desktop requests with custom variables and approval workflows.
- Automated request workflows using Flow Designer and Business Rules for dynamic assignments and notifications.

PROJECTS

LMS – Library Management System

<https://lms-7phy.vercel.app/>

Tech Stack: MongoDB, Express.js, React.js, Node.js, Tailwind CSS, Cloudinary, JWT, Vercel

- Developed a full-stack MERN application with secure authentication and separate admin/user dashboards.
- Enabled admins to add/edit/delete books and manage user borrow/return requests.
- Deployed front-end and back-end on Vercel; used Cloudinary for book image storage.

InventoryPro – Inventory Management System

<https://inventorypro-ims.vercel.app/>

Tech Stack: Node.JS, Express.JS, MongoDB, JWT, ReactJS, Ant Design, Tailwind CSS

- Designed and implemented JWT-secured endpoints for user authentication and full CRUD operations across categories, units, products, suppliers, customers, purchases, and orders.
- Built reporting endpoints delivering dashboard metrics, stock/sales/purchases data, top-product rankings, low-stock alerts, and sales vs. purchase comparisons.
- Standardized error responses with consistent JSON structure and HTTP status codes for clear client feedback.

CERTIFICATION

Accenture Summer Internship

- Accenture | - [Certificate](#)

The Complete 2024 Web Development Bootcamp (Udemy)

- Udemy | - [Certificate](#)
